2021 Stewardship

[Luke 6:38](#) Give, and it will be given to you. In good measure, pressed down, shaken together, running over, it will be put into your lap. For with the measure you use it will be measured back to you.

Dear members and friends of PFPC;

2020 has been a very difficult year for each of us. Despite the many challenges of this last year our church has remained strong and financially stable due to the efforts of each of us.

Although we are not certain what 2021 will bring to us, we do know two things must happen.

- We must remain strong financially. In 2020 the church members responded when needed so the church continually met its financial responsibilities. Please continue your financial commitment and where possible increase your support for the coming year:
 - Our pledge for 2021 is (please complete one):
 - Weekly: _____
 - Monthly: _____
 - Annually: _____
- As the CDC and State requirements dictate, our church will remain committed to our existing programs when possible and when required we will develop new ways to keep all of us connected and close to our God. This likely will require imagination and acceptance of new ideas. We are asking each of you for your help. In the space provided below please indicate:
 - What existing programs you are interested in helping with where possible. Examples could be Stewardship, Youth Activities, Christian Education, Worship, and many others:
 - _____
 - _____
 - _____
 - Please help Session by offering your thoughts of how we could develop new ideas to strengthen our involvement with each other and with our God. These could include, with or without ZOOM, small gatherings, safe small multi-family outings, and much more.
 - My suggestions are:
 - _____
 - _____
 - _____
 - _____

Please return to the church office or by email by November 30, 2020

Thank You!
