

Providence Forge Presbyterian Church
Policy on Pastor Visitation

The following will form the basis of pastor visitation:

Home Visitation

Home visitations by the Pastor will be made at the request of the church/community member or may be initiated by the Pastor. The Pastor will request accompaniment by a Ruling Elder or a member of the Nurture Sub-Committee at his/her discretion.

Hospital Visitation

Hospital visitations will be made when the Pastor is notified of the hospital stay. These visits will be made at the discretion of the Pastor.

Nursing Home Visitation

Nursing home visitations will be made at the discretion of the Pastor.

Office Visitation

If a member of the church/community wishes to meet with the Pastor without an Elder or member of the Nurture Sub-Committee present, those meetings may be held in the church office during normal office hours or at a mutually agreed upon location.
